Standard Plus

Standard Plus is patented by SHEETROCK® BRAND TECHNOLOGY from USG, a leading gypsum board manufacturer in the USA. With its unique enhanced technology, Standard Board Plus contains more superior properties than any other standard gypsum board.

Standard Plus is used for walls and ceilings with unique properties making it incombustible, smooth, attractive and designed for seamless decoration.

Properties

- Lighter than regular standard gypsum board. Easier to carry and install.
- Good thermal performance.
- Non–combustible.
- Good acoustic performance e.g. sound protection STC 35 – 60 dB* when installed with insulation. (*refer to regular standard board).
- No health hazard and environmental friendly. It can be recycled.

Standards and Tests

- ASTM C 1396
- EN 520

Usage Area

- General interior wall or ceiling.
